

Association of Professional Engineers
of the
Province of Manitoba

Outstanding Service Award

to

ERNEST BRIDGES

B.Sc.E.E., M.Sc., P.Eng.

Ernest Bridges became registered with the Association on April 12, 1956. He has been a continuous member of the Association for 34 years.

Ernie served on the CCPE Affairs Committee for one year, on the Salary Schedule Committee for one year and has been a member of the Board of Examiners for twenty years.

Ernie is one of the very few members who has served on one Committee for more than twenty years. His dedication and hard work on the Board of Examiners has been outstanding and invaluable to the Association. The APEM is extremely grateful to Ernie Bridges for the service he has rendered over the years and feels that he is a most deserving recipient of the Outstanding Service Award.
