

# WALKER PROJECTS

Consulting Engineers · Project Managers

## Career Opportunity

---

**Position Title:** Civil Engineer

**Location:** Regina, SK or Saskatoon, SK

**Closing Date:** September 15, 2017

**Direct Report:** Vice President of Operations

---

**Walker Projects Inc.** provides professional Structural, Civil and Environmental Consulting as well as Project Management services for projects throughout Western Canada. Our employees are our best asset and as such we aim to provide our people with a secure and fulfilling work environment, sustainable career development, and perhaps most importantly a sense of belonging/well-being. We would like to find people that can contribute to our Company's culture, are passionate about what they do and like to have some fun.

We are expanding and currently seeks a suitable candidate to fill the position of Civil Engineer (Intermediate or Senior) within our municipal infrastructure | land development group.

Eligible candidates must have prior work experience within Saskatchewan's geographical location and have a P. Eng. Designation or equivalent.

---

### **Responsibilities include but are not limited to:**

- Ability to design and manage multiple projects from proposal phase through to conceptual and detailed design, providing engineering services during construction and closeout activities
  - Assist with business development activities such as client relations, sales and marketing, strategic planning
  - Provide project management functions for municipal infrastructure and land development projects including management of technical staff of assigned project teams
- 

Interested candidates should send a resume including references to Jasmine at [hr@walkerprojects.com](mailto:hr@walkerprojects.com)

Walker Projects Inc. is committed to the principles of employment equity and we thank all candidates for their time; however, only those selected for an interview will be contacted.
