<b>Status</b>	Full-time, permanent
<b>Location</b>	Calgary, AB

## About McElhanney

Based in Western Canada for over 100 years, McElhanney offers innovative and practical engineering, surveying, mapping, planning, landscape architecture, and environmental services. As a 100% employee owned and operated firm, with over 1,000 staff members, we are proud to offer qualified staff with shareholding options in our company. At McElhanney, we work in teams to build strong connections with our staff, clients, and local communities. With major clients across three market sectors: Cities and Communities, Transportation & Transit, and Energy and Resources, we work on numerous high-profile projects and have an impressive list of awards and recognition within the industry. Our employees enjoy working here because of our varied projects, high levels of autonomy, opportunities for career development, excellent total compensation and benefits package, and team of great professionals.

## Role Overview

Are you an experienced professional motivated to join one of Canada's Best Managed Companies? Are you ready to own the exciting challenge of making your mark in a well-established organization? If so, **McElhanney Consulting Services Ltd.** has a rewarding opportunity for an individual to join one of our largest, and rapidly growing, offices as a **Branch Manager!** We are seeking a Senior Leader to lead a team of 75 lively professionals in the disciplines of Municipal and Transportation, Planning, Design and Construction Engineering, Energy and Resources, Environmental, and Landscape Architecture. With the addition of many, well-recognized, industry leaders on our team, our Calgary office has built a longstanding culture of leadership and financial success.

While working collaboratively with neighbouring branches across the Prairies Region, you will be responsible for contributing to branch and regional strategic planning, controlling branch budgets and initiatives, as well as developing new and existing business, marketing of the branch's services, and liaising with clients on project matters. You will operate the branch independently, and largely autonomously, while still having the invaluable mentoring and professional resources needed to succeed, readily available. This is a fantastic opportunity for a self-starter to utilize and develop their leadership, technical proficiency, business development, project management, and client management skills.

## Requirements

- Possess professional accreditation in a field applicable to our Calgary market (e.g. engineering, biology etc.)
- 15+ years' experience in consulting or management
- Demonstrated success in business development and fostering long-term client relationships
- Strong understanding of the engineering practice
- Substantial project management experience with demonstrated ability to deliver projects on time and budget
- Ability to lead, develop, and motivate a team and work well in a team environment; prior supervisory or management experience is required
- Strong leadership and organizational skills

## Benefits of Working for McElhanney

- Locally based office with strong community ties and very positive working environment
- We are proud to be a 100% privately owned company managed by our technical professionals
- Full benefits package, competitive salary, annual bonus eligibility and the potential to become a shareholder of the company; relocation assistance will be provided to the ideal candidate
- An assortment of company-sponsored professional development activities
- Enjoy the structure and resources of a large firm with the opportunity to be a difference maker in a mid-sized firm

If this sounds like the right opportunity for you, visit [www.mcelhanney.com/careers](http://www.mcelhanney.com/careers) to apply online. We thank all applicants for their interest; however, only shortlisted candidates will be contacted.

Located in the heart of Western Canada, McElhanney's Calgary branch has a team of surveyors, engineers, landscape architects, environmental scientists, planners, and technical support staff who work in an integrated manner to deliver a variety of exciting infrastructure projects. We proudly serve our clients in a range of market sectors, including commercial real estate, oil and gas, transportation, and government.
