

CONSULTING ENGINEER – NEWFOUNDLAND, CANADA

Are you looking for an exciting career with a multi-disciplinary team of design professionals? Silk Stevens Limited is seeking a design and consulting engineer interested in working in a professional consulting practice in **Grand Falls-Windsor, Newfoundland**, Canada. Centrally located close to major highways, airports and seaports, Grand Falls-Windsor is the hub of central Newfoundland and services almost 100,000 people.

The ideal candidate will have between 5 – 10 years' experience working in a multi-discipline environment; and be able to manage projects and work directly with clients. The successful candidate will need to work closely with in-house staff, associates and clients to deliver timely and cost-effective designs including technical drawings and specifications.

You should:

- ✓ be a registered professional Engineer or an EIT working towards professional designation;
- ✓ be licensed or eligible for licensure with PEGNL;
- ✓ work well with others in team enterprises;
- ✓ have design and consulting experience (*considered an asset*);
- ✓ be professional with a focus on client service;
- ✓ be organized, motivated and driven to succeed;
- ✓ have excellent verbal & written communication skills;
- ✓ manage time efficiently & be able to work in a fast paced environment; and
- ✓ be from Atlantic Canada or be willing to relocate.

Aquaculture experience considered an asset especially experience with recirculation aquaculture system (RAS) design and operation.

Salary and benefits will commensurate with qualifications and experience.

Flexible working hours may be required.

If you are interested in joining a dynamic and expanding professional services firm and playing an important role in its continued growth and development, clearly state in your cover letter how you meet the above qualifications.

Please submit, by email, your cover letter and resume to:
