

## **Engineer – Building and Fire Safety**

### **Regular Full-Time**

**Manitoba Growth, Enterprise and Trade / Office of the Fire Commissioner, Winnipeg, MB**

**Advertisement Number: 34510**

**Salary Range: \$74,404.00 - \$94,528.00 annually**

**Closing Date: January 2, 2019**

*The Manitoba government recognizes the importance of building an exemplary civil service that is inclusive and reflective of the population it serves. We encourage applicants to voluntarily self-declare in the cover letter, resumé or application if they are from any of the following employment equity groups: women, Indigenous people, visible minorities, and persons with disabilities.*

*This is a preference competition. All applicants are encouraged to apply, however first consideration for this competition will be given to Indigenous people. Applicants are requested to self-declare at the time of application.*

*An eligibility list may be created for similar positions and will remain in effect for 12 months.*

*The Office of the Fire Commissioner (OFC) is a special operating agency (SOA) of the Manitoba government that performs a critical role in ensuring and maintaining Manitoba's public safety. The overall mission is to safeguard both persons and property from fire and life safety hazards through education, investigation, emergency response and code application.*

*The Agency is seeking to fill an Engineer- Building and Fire Safety position in Winnipeg, MB.*

*If you are looking for a rewarding and exciting career, this is a great opportunity to join our team. The Manitoba government has a comprehensive compensation and benefits package which includes extended health care, health spending account, dental care, vision care, long term disability insurance, group life insurance, maternity/paternity leave, family related leave and a defined pension plan (some pension plans allow for portability between the Civil Service Superannuation Board and employers). Training and career development opportunities are also available for employees.*

### **Qualifications:**

#### **Condition of Employment:**

- Must be registered (in good standing) as a Professional Engineer (P.Eng) with Engineers Geoscientists Manitoba (EGM) or with another association of Professional Engineers with eligibility for registration with EGM within the first 6 months of hire. Candidates

registered (in good standing) as an Engineer -in-Training (EIT) may be considered on an underfill basis at a commensurate salary level

**Essential:**

- Extensive experience in Mechanical Engineering such as mechanical design and/or construction engineering and management

**Duties:**

The position provides technical advice and direction pertaining to the interpretation and enforcement of the engineering components of the various acts, codes and regulations on building and fire safety being enforced by the Office of the Fire Commissioner. The position conducts plan reviews of requirements under the Manitoba Building Code, evaluates remedial actions or alternative solutions to ensure public safety, and participates in policy development consultations regarding building and fire safety codes and regulations.
