Mechanical Engineer (Reliability) - (Rocanville, Saskatchewan, Canada)

At Nutrien, our Purpose is to **grow our world from the ground up** and we do so with safety and integrity as our core values. Nothing is more important than sending our people home safe, every day.

Nutrien is a leading provider of agricultural products, services, and solutions. With approximately 20,000 employees world-wide, we are the largest producer of potash (by capacity) and one of the world's largest producers of nitrogen and phosphate. We also operate a leading agriculture retail network that services over 500,000 growers.

We harvest the best. Diverse views and experience make us strong. We look for people who have a safety-first mindset, who are collaborative team players, who deliver on their commitments, who are innovators in search of a better way, and who believe in inclusion.

Working at Nutrien will provide you an opportunity to help us *Feed the Future,* and grow your career.

This position reports to Reliability Lead.
