

Engineer-in-Training

Kelowna, BC

About the Opportunity

Our growing Kelowna office is looking to add a capable and hardworking Engineer-in-Training (EIT) to our team. Are you keen to benefit from the support of industry professionals while working on exciting and inspiring projects that make a visible difference in many communities? In addition to the learning and project experience, you can:

- Hone your civil engineering skills, apply theory and provide workable solutions for infrastructure design and planning including roadways, water, sanitary, drainage, and housing
- Establish relationships and act as the clients' representative on-site during construction to gather information, conduct inspections, and ensure that designs are built to specifications
- Exploring creative and sustainable solutions together with our clients to build vibrant communities
- Provide accurate and timely input on technical reports, plans, studies, proposals, and presentations

About You

This opportunity is well suited to graduates from a civil or environmental engineering degree program with up to 3 years of experience and are eligible for registration with EGBC. The following attributes would be considered beneficial to this role:

- You are interested in design and working with communities and municipalities in British Columbia
- You take initiative, are a problem solver and continually deliver consistent, high-quality work
- You listen to others and enjoy collaborating with people of varying backgrounds and perspectives
- You hold a valid class 5 drivers' license

About Us

We are an employee-owned inter-disciplinary community consulting firm with deep Canadian roots. We are united in our mission to transform communities everywhere into vibrant places where people want to live today, tomorrow, and forever.

At Urban Systems, vibrant communities are everything—including our own work community. Since 1975, we have grown to more than 500 people with 15 offices across Canada. Every day, our team works closely with our clients and their communities to deliver impactful work. We are proud to work with diverse clients including Indigenous

communities, all levels of government, commercial and residential land developers, and the natural resource sector.

We care for our communities and for our people. It's our differences that make us exciting, and our shared belief in Urban Systems that binds us together.

Our Commitment To You

Are you just getting started in your career? You're in the right place! Here's what you can expect as a part of the Urban Systems team:

- **Learn and Grow** - Grow your career with Urban Systems! You are encouraged to take initiative and shape your career through coaching, in-house learning, technical courses, and more.
- **Competitive Compensation** - Your skills and contributions are valued. You'll receive competitive compensation, extended health, dental, vision care coverage and more.
- **Paid Time Off** - We encourage all team members to take time off to recharge and spend time with loved ones. Enjoy 3 weeks of paid vacation to start, on top of statutory days off throughout the year.
- **Flexible Hours & Work Environment** - You have a life outside of work! We offer flexibility in your work schedule and work environment to help you do your best work and meet your commitments.
- **Work with Inter-Disciplinary Teams** - Amazing things happen when you mix creativity, curiosity, teamwork, and a strong desire to collaborate and innovate. You will be part of diverse, inter-disciplinary teams to deliver important work.
- **You're in Good Company** - Build relationships with a dynamic, accountable, and engaged team fueled by our shared purpose. Every branch facilitates connection with a series of social and team building events.
- **Beautiful Office** - Do your best work in office spaces designed with your needs in mind. Our office in Yaletown has its own unique personality and design.
- **Create Lasting Community Impact** - 98% of Urban Systems employees believe that the work we do is important. Join a team of like-minded leaders and work together to bring to life impactful community projects.
