

APEGM Pre-graduation Credit Questions:

February 7, 2017

Please complete the following in order to obtain pre-graduation credit towards your engineering or geoscience degree. If you have any questions, please contact Sharon Sankar, P.Eng., Director of Admissions at ssankar@apegm.mb.ca . You must be a student member (or MIT) in good standing in order to earn pre-graduation credit towards your MIT program.

Name: _____ APEGM #: _____(on your card)

Start date of earliest report for which pre-graduation credit is/was sought: _____(d/m/y)

IMPORTANT: The pre-graduation work must have a professional member taking responsibility 'mentor', indicated in the report(s). If your direct supervisor was NOT a professional member, you will need to indicate BOTH the supervisor and the professional member in your report(s). Also, make sure that you CONTACT both the supervisor and professional member independently when you submit your reports. Do NOT rely on APEGM to contact them. Emails can get caught in spam filters.

Follow the instructions below and send this form and registration history to ssankar@apegm.mb.ca.

Co-op Students

1. Was the experience earned through the co-op program? Circle either YES or NO
2. Circle Yes or No for the following:

I authorize APEGM to contact the co-op office to verify that I earned the experience while participating as a co-op student: YES or NO

If the answer to question 2 is 'No' - then you will not be able to get credit for the experience.

If the answer to question 2 is 'Yes', print your UNIVERSITY Registration History with your NAME on it (from the web). Check off or circle your first work term. Scan and save registration history and this form as a PDF. Send to ssankar@apegm.mb.ca.

Non Co-op Students

1. Did you complete 58 credit hours towards an engineering or geoscience degree PRIOR to starting the experience? Circle either YES or NO
2. If the answer to question 1 is 'No' - unfortunately, your experience cannot be counted. You will have the opportunity to apply for future experience after you complete at least 58 credit hours.
3. If the answer to question 1 is 'Yes', print your UNIVERSITY Registration History with your NAME on it (from the web). Check off or circle the first 58 credit hours of your degree program. Scan and save registration history and this form as a PDF. Send to ssankar@apegm.mb.ca.
