REMITTANCE FOR PRE-ENROLMENT WORK EXPERIENCE

Note 1: Pre-enrolment experience is defined as Engineering/Geoscientific Experience gained in Manitoba after the date of graduation (or the date of Academic Qualification in the case of Academic Assessment applicants), but prior to 3 months before the date of enrolment on the Pre-Registration Program or, in the case of Academic Assessment applicants, – enrolment in the Academic Assessment program.

Note 2: Pre-graduation experience is defined as Engineering/Geoscientific Experience gained in Manitoba prior to the date of graduation or, in the case of Academic Assessment applicants, the date of Academic Qualification. To remit payment for Pre-graduation experience, please submit the APPLICATION FOR EVALUATION OF PRE-GRADUATION EXPERIENCE instead.

Note 3: You may opt to pay the Administrative sanction on part of your pre-enrolment time only. For example, if you've been conditionally granted 10 pre-enrolment months by the Experience Review Committee, you may, if you wish, opt to pay for only 5 of those pre-enrolment months. In this case, you would remit $31.06x5 months=$155.30 and you would receive credit for 5 extra months rather than 10 months.
