

PRE-ENROLLMENT EXPERIENCE FEE FORM

Pre-Enrollment Experience is defined as Engineering/Geoscientific Experience gained in Manitoba AFTER the date of graduation (or the date of Academic Qualification in the case of the Academic Assessment Applicants), but prior to 3 months before the date of enrollment on the Pre-Registration Program or in the case of Academic Assessment applicants, enrollment in the Academic Assessment Program. At this time, the pre-enrollment fee is set at \$31.06 per month of pre-enrollment approved.

For example, if you graduated from your B.Sc. on May 1, 2018, started working in an engineering related job on May 1, 2018, but did not enroll as an Intern until December 31, 2018 (8 months after graduation), the time from May to December 31, 2018 would be considered prior to enrollment, but the pre-enrollment portion (for which you would be required to pay) would be 8 months – 3 months (grace period) which equals five months. (The three months grace period is given to allow Intern applicants to send their applications, write the ABC test and get on the agenda.) So, under this scenario, the administrative penalty would be \$31.06 x 5 = \$155.30.

(Note: Pre-Graduation Experience is defined as Engineering/Geoscientific Experience gained in Manitoba BEFORE the date of graduation, or in the case of Academic Assessment applicants, the date of Academic Qualification. To make a payment for the Pre-Graduation Experience, please submit the Pre Graduation Fee Form instead.)

You may opt to pay the Administrative sanction on part of your pre-enrollment time only. For example: if you have been conditionally granted 9 pre enrollment months by the Experience Review Committee, you may, if you wish, opt to pay for only 5 of those pre enrollment months. In this case you would submit a payment of \$31.06 x 5 months=155.30 and you would receive credit for 5 extra months rather than 9 months. This means that you would have four additional months left over, for which you would have to submit progress reports.

To make a payment over the phone please contact our accounting department at 204-474-2736 ext. 222 or email accounting@EngGeoMb.ca

For inquiries on how pre-enrolment experience or late experience is assessed please contact the Pre-Registration Coordinator at PreReg@EngGeoMb.ca.
