

EMPLOYMENT OPPORTUNITY

Closing Date: 2023/10/05

ENGINEER-IN-TRAINING PROGRAM

Winnipeg, Manitoba

Manitoba Hydro is consistently recognized as one of Manitoba's Top Employers!

Great Benefits

- Competitive salary and benefits package.
- Defined-benefit pension plan.
- Nine-day work cycle which normally results in every other Monday off, providing for a balanced approach to work, family life and community.
- Flex-time and partially remote work schedule (providing the option to work remotely 3 days per 2 week period), depending on nature of work, operational requirements and work location.

Manitoba Hydro is a leader among energy companies in North America, recognized for providing highly reliable service and exceptional customer satisfaction. Join our team of Manitoba's best as we continue to build a company that supports innovation, commitment and customer service.

We are seeking qualified Mechanical, Civil, Electrical, and Computer Engineering graduates for our Engineer-In-Training Program, with employment to commence in 2024. Recent graduates or those graduating in December 2023 or by April 2024 are invited to apply.

Our Program offers exciting and diverse career opportunities, allowing you to join other graduates to develop the necessary skills, knowledge and experience to transform from an academic to a professional business environment. You will be exposed to challenging assignments that will provide training towards a Professional Engineer designation.

This Program will consist of various rotation opportunities throughout Manitoba Hydro to provide you with exposure to various engineering activities over a period of approximately 24 months. While progressing through the program, you are expected to achieve your professional accreditation from Engineers Geoscientists Manitoba.

Opportunities for exposure include:

- Generation, Transmission & Distribution
- Operations & Maintenance
- Planning, Design
- Project, Asset or Construction Management
- Software Development Lifecycle
- System Architecture & Design
- Operational Technologies
- Telecommunications
- Manitoba Hydro's world-renowned HVDC System
- High Voltage Laboratory
- Integrated Resource Planning
- Cyber Security & Enterprise Architecture

Qualifications:

- Bachelor's Degree in Mechanical Engineering from a university of recognized standing
- Possess a valid Class 5 Manitoba Driver's Licence

Salary Range

Starting salary will be commensurate with qualifications and experience. The range for the classification is \$30.79-\$43.33 Hourly,

A23-204

\$59,004.14-\$83,025.28 Annually.
