

Engineer, Maintenance (41174)

Location: **Rabbit Lake**

The Role

Reporting to the general supervisor, maintenance, in the maintenance engineering department, your knowledge of mechanical equipment and design will be relied upon to support surface operations in a mining/milling environment.

In this role, you will:

- Solve complex technical problems using formal techniques to evaluate systems, equipment and failures.
- Maximize equipment availability, reliability and performance through effective problem solving and proactive maintenance practices.
- Develop and refine asset specific strategies to improve equipment health and to prevent or eliminate equipment failure.
- Provide design and drafting support for new or modified site equipment, process changes, and electrical drawings.
- Be required to compile data and prepare technical reports or coordinates technical reporting as required for regulatory submission.

Required:

- B. Eng or Bachelor's degree in Applied science
- Four to eight years of relevant industry experience
- Professional Engineer (P. Eng) designation
- Eligible for registration with the Association of Professional Engineers and Geoscientists of Saskatchewan (APEGS)
- Strong communication and problem-solving skills
- Work a rotational schedule and commute to site by aircraft

Recommended:

- Bachelor's degree in mechanical or industrial engineering
- May consider a mechanical technologist background
- Exposure to predictive maintenance techniques and technologies
- Experience in a mining/milling environment
- Experience with computerized maintenance management system, preference for SAP experience
- Experience planning and scheduling activities
- Project Management Professional (PMP Certification)

Conditions of Employment:

- Substance test

Cameco is proud to offer a competitive total reward package which includes:

- Competitive compensation program with base and variable pay
- Flexible health, drug, dental, and vision plan with a health spending and personal spending account
- Fixed benefits including employee and dependant life, AD&D, disability benefits and paid vacation leave
- Employee & Family Assistance Programs
- RRSP and RPP matching program
- Career development opportunities
- Relocation costs
- Relocation costs

Cameco is an employment equity employer and aims to achieve gender parity, and as such, preference will be given to qualified members of equity groups. We are strengthened by the diverse backgrounds of experiences and encourage applicants with various levels of expertise to apply, as equivalent combination of education and work experience are considered.

Applicants with lesser qualifications may be considered at an appropriate level, if fully qualified applicants do not apply.
