### ABOUT THE SENIOR MEMBER CATEGORY

Professional members who meet the following criteria may enter the Senior Member category.

Senior Members:

- shall no longer receive remuneration on a full-time or regular basis (greater than 300 hours per calendar year) in the practice of professional engineering and/or professional geoscience;
- be in good standing;
- have been registered as a professional member of the Association, or as a member of one of the constituent associations of Engineers Canada, or in the case of a professional geoscientist have practised, for a period of not less than thirty (30) years.

If a member in the Senior Member category wishes to resume practice, they must follow the Return to Active Practice Guideline. Please refer to [www.EngGeoMB.ca/Reinstatement.html](http://www.EngGeoMB.ca/Reinstatement.html).

### Dues

Annual dues shall be continuously waived if the senior member confirms annually, in writing, that they are not receiving remuneration on a full-time or regular basis (greater than 300 hours per calendar year) in the practice of professional engineering and/or professional geoscience.

Senior members may return to regular employment. If they do so, they will be required to pay the same dues as a general member.

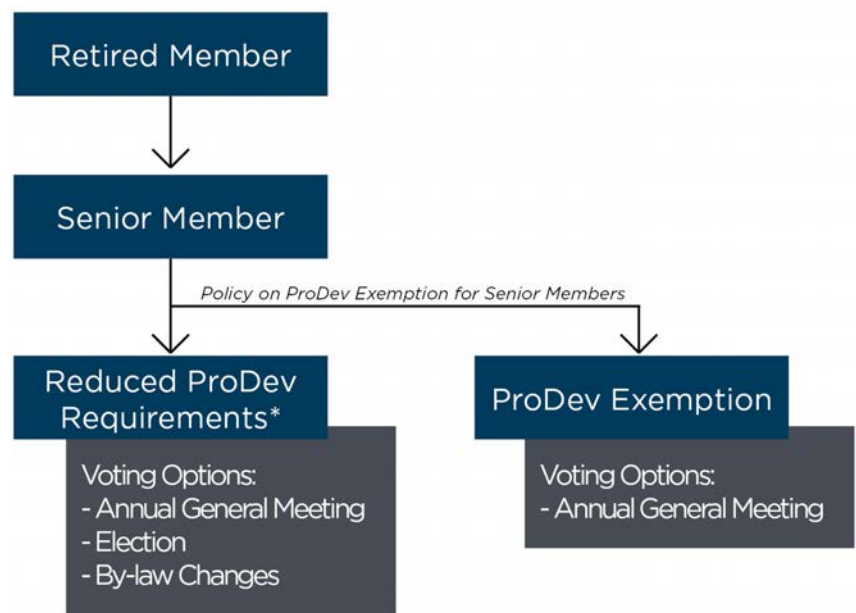

### ProDev Requirements

By default, senior members are required to report reduced professional development hours. Please refer to the Policy on Reduced Professional Development Reporting Targets at [www.EngGeoMB.ca/ProDevSeniorMember.html](http://www.EngGeoMB.ca/ProDevSeniorMember.html).

A senior member may apply for exemption from ProDev reporting, if they:

- provide a written declaration indicating that they are not currently practising professional engineering and/or professional geoscience, and will not be practising in the future, and,
- forego their right to vote on By-law changes and Council elections.

Please refer to the Policy on ProDev Exemption for Senior Members at [www.EngGeoMB.ca/ProDevSeniorMember.html](http://www.EngGeoMB.ca/ProDevSeniorMember.html).

*\* Senior Members with Reduced ProDev Requirements may choose ProDev Exemption at later time*
